PRODUCT CATALOGUE

QUARTER 1 FORECAST

- Sales of Blue centrefeed rolls in the Foodservice, Hospitality and Janitorial sectors are forecast to grow by a further 20% in 2022.
- Post covid, the public will demand the highest hygiene standards in restaurants, shops, workplaces, on public transport and in hotels and guesthouses.
- Paper prices are forecast to remain strong as gas prices peak at £250/therm in Q1.
- Raw material availability will remain tight until Nordstream 2 gas pipeline is certified.
- Transport difficulties will ease as Newcel opens a base in Heysham with 7 trucks and 14 trailers.
- Newcel's new production line will increase capacity by 30% in February 2022.

NEW PRODUCTION LINE

NEXUS 2 COMES ON STREAM IN FEBRUARY 2022

Newcel Paper's 80,000 sq.ft. Factory

OWN BRANDING

We manufacture paper disposables for some of the biggest names in the business.

Over the past 49 years we have quietly grown from being a local manufacturer in Ireland to the 'go to' supplier of choice for own brand paper disposables in Ireland, Scotland, Wales and the rest of the UK. Our in-house design and printing facility allows us to privatise small volume lines as well as the big volume items for customers of every size.

QUALITY CONTROL

Newcel Paper operate a quality control culture in which all employees have a responsibility within their own work areas to help ensure that premium quality is guaranteed.

We are full members of the CHSA who audit our products to ensure that they comply with comprehensive industry codes of practice.

All procedures within Newcel Paper are approved to internationally recognisable accreditations including ISO 9001:2015.

Production Hall

RELIABILITY

Our four production lines are covered by an extensive 'preventative maintenance programme' which minimises downtime and maximises productivity.

We continually invest in the fastest and most efficient robotic machinery to ensure that we have the additional capacity to fuel your sales growth.

We hold substantial stocks of raw materials guaranteeing a consistent, uninterrupted supply of your paper disposable products.

Robotic Stacker

FOOD SAFE

All blue centrefeed rolls manufactured by Newcel Paper are made from certified FoodSafe paper and FoodSafe dyes.

Disposable paper products used in the foodservice sector and the food manufacturing industry must comply with European Community Regulation No. 1935/2004.

One of the UK and Ireland's largest manufacturers of 'own brand' paper disposables.

... ZERO SINGLE USE PLASTICS ... ZERO

Premium Quality Bathroom Tissue

A new and exciting range of premium quality bathroom tissue which removes 100% of 'single use plastics'.

Our planet can no longer tolerate a culture of throwaway single use plastics which are choking our rivers and contaminating our oceans.

It is estimated that 12 million cubic tons of plastic enters our oceans every year and with over 90% of plastics not being recycled, it is easy to see how recycling alone will never solve this problem.
